# Reviews and Endorsements

The proofer returned the Seven Wonders and complimented you on such a "clean" title and for superb diction and understanding of the text...well presented. Just wanted you to know that I thought the title was quite outstanding and you should be very proud...a job well done.

**Barbara (Bobbie) Frohman, CEO, Alcazar Audioworks**

Jim gives every project his "all" and enjoys a good challenge, always coming through and having a lasting positive affect on any project I've worked with him on. His work ethic transcends the concept of "business", and puts the emphasis back on "people" This is why I give Jim my highest endorsement.

**Chris Salisbury, InterFACE Casting**

Jim is an absolute professional! In the Litigation Support industry we constantly strive to meet very tight deadlines. Jim's consistently quick response times kept us on track. He delivers a first-class product. Without hesitation, I DO RECOMMEND Jim ... except to my competitors.

**Ed Harding, Courtroom Sidekicks**

I used Jim as a voice for several real estate videos. He was professional, prompt, and delivered a quality product - himself - and I'm happy to say that his voice made all the difference in the final video. I would recommend him to anybody looking for a professional voice talent.

**Bill Millios, Millios Photography**
